

Important Information Flyer #8

Please keep this information sheet for future reference.

Hi to All Club Members, the time has come to return.

Returning to Club Room The MRA has notified the President and myself that we can now return to the club room. The water is now on and toilets now working. The Tuesday gang will be able to return as from **Tuesday 28th June** please contact Jim Riddle after **23rd June** to arrange key to open up. Jim can be contacted on 0418933797. Parking will now be on the road between block three and the controller of stores building. This road is not open to the public the MPC has a key for the gate.

The club room will now need to be cleaned before we can use it and meet there, these arrangements can be made at the July meeting.

Meeting Updates The MRA has allowed the MPC to continue to use their board room for the July meeting only, after that we will be required to return to the club room for the August meeting. The MRA's board room will no longer be available. The meetings dates are as follows.

- 1:- July 6th 2016 MRA Board Room General Meeting 8:00pm
- 2:- August 3rd 2016 General Meeting 8:00pm in Block 3 Midland Railway Workshops.
- 3:- All future meetings will be held 1st Wednesday of the month at 8:00pm in the club rooms Block 3 Midland Railway Workshops. Please note there is no January meeting over the Christmas break.

CHCW Update (New Club Home) As said before some progress has been made. We have had some luck with Midland Brick and the Boral group of companies who have made it their main community project for the next two years. Midland Brick will help us with material for the project we will still have to raise some money to help build it.

With the help of Kings Park Corporate Lawyers CHCW has just about finished their new Rules of Association and will soon have them ready to submit to the Department of Commerce, this is all working towards getting our Deductable Gift Recipient Status.

Membership Reward Card (The card with the yellow star on it) For those members that have not received one of these cards you will find it enclosed with this information newsletter. For those that have attended meetings you will all ready know about it and how it works. The MPC is eligible for it because we take part in the Volunteer Led Community Group Activity Reports Midland Place for the City of Swan and in return we are given the cards as part of the program.

All the information regarding the MAD program as it is known can be found on the City of Swan web site. www.swan.wa.gov.au/mad

That's the latest information so look forward to seeing you at the general meetings.

Regards David Ashfold (Vice President MPC)
